| Se | Section D - Existing Project Lot/Building Details | | | | | | | |
|--|---|------------------|----------------|----------------------------|--|-------------------|--|--|
| Please provide the existing project details. This section is used to describe what is existing for the project. For example, if you are subdividing an undeveloped 21-acre parcel, you would list the existing parcel. If you are revising the boundary lines of two commercial lots in an industrial park, and constructing an addition to an existing building you would list the existing lot numbers, existing acres, existing buildings, existing uses, construction date(s), prior permits, and answer the compliance questions. Repeat this page as many times as necessary to describe all of the existing Lots/Buildings. | | | | | | | | |
| 1 | Lot# | 2 Lot Size (a | acres) | 3 Existing Use of the | Lot | | | |
| 4 | Provide the f | ollowing inform | ation for | r each building on the lot | t | | | |

| Pa | rt V Water Supply Information |
|----|--|
| Se | ction A – Water Supply Screening Questions |
| 1 | Are you proposing a new water supply for this project? |
| 2 | Are you proposing changes to an existing water supply for this project? |
| 3 | Is there a connection to an existing water supply for the project? |
| | If you answered No to all three of the above questions , skip to Part VI. Otherwise, proceed with Part V. |
| Se | ction B – General Water Supply Questions |
| 1 | Does this project involve a failed water supply? |
| 2 | Will any of the proposed water sources serve 25 or more people or have 15 or more service connections? |
| | If Yes, the Applicant must contact Water Supply Division at (802) 241-3400 for source, construction, and an operating permit. |
| 3 | Are any of the existing or proposed water sources located within a special flood hazard area? |
| 4 | Are any of the existing or proposed water sources located within a floodway? |
| 5 | Are any of the proposed water sources located within 1 mile of a hazardous waste site as designated by the Waste Management Division and identified on the Agency mapping website? |
| | If Yes, please submit additional information on the site. The Waste Management Division can be reached at (802) 241-3888. |
| 6 | Does your project require an approval letter from the Water Supply Division for the construction of a public water system, municipal water line extension over 500 feet, or hydrants or sprinkler systems? |
| | If Yes, please submit a copy of the approval letter from the Water Supply Division. |
| 7 | Does the proposed or existing water supply(ies) use a water treatment device to obtain compliance with the quality requirements in the Water Supply Rule? |
| | If Yes, please submit addition information regarding the constituent(s) that exceeds the standards and plans, details, and specifications of the treatment device. |
| 8 | Is any portion of the proposed water supply located in or near a Water Source Protection Area as designated by the Water Supply Division? |
| | If in areas of known interference issues, please contact the Water Supply Division at (802) 241-3400. |

Section D – Wastewater Disposal Systems Design Flow Summary Table

If the project includes more than one wastewater disposal system, please total up the systems on this page of the form and provide the grand total wastewater disposal system design flows for the project. <u>IMPORTANT</u>: Please don't include systems that were identified in this Part in Section C, Line 4 as a "Replacement Area Designation" in the summary table below.

| | Design Flows (Gallons Per Day) | | | |

Part IX Applicant(s) Signature & Acknowledgements

In order to insure compliance with the requirements of the regulations administered by the Department of Environmental Conservation, Wastewater Management Division, it may be necessary to visit the property. As this would involve a Department employee entering private property, we request your approval to do so.

Revised: 10/4/2007

1 If we do visit your property, do you have any special instructions?

"As landowner of the property for which I am requesting a permit from the Department of Environmental Conservation, I understand that by signing this application I am granting permission for the Department employees to enter the property, during normal working hours, to insure compliance of the property with the applicable rules of the Department.

I also understand that I am not allowed to commence any site work or construction on this project without written approval from the Department of Environmental Conservation.

If my project utilizes an Innovative/Alternative System or Product, I have received a copy of the Wastewater Management Division's approval letter and agree to abide by the conditions of the approval.

I also certify that to the best of my knowledge and belief the information submitted above is true, accurate and complete."
